Proposal Details

	Item	Description
1.	**Project**	
1.1	Proposed Project Title	To Be Announced…
1.2	Summary	Trivia Game
2.	**Target Audience**	
2.1	Field	Educational Learning K-12 Software
2.2	Age Group	High School – Grade 12
2.3	Rating	PG
3.	**Features**	
3.1	Useful Features	Putting your knowledge to the test and racing against the clock to see how many questions you can get correctly. Questions will be a mixture from all subjects taught in high school to keep student's skills up to date and sharp. The count down timer feature is what I find most important because it will motivate students to get as many questions as they can right before the clock hits zero.
4.	**Software / Languages**	
4.1	Software	WAMP/XAMP
4.2	Language	HTML, CSS, PHP
4.3	Purpose of languages / software	● HTML and CSS to create the web pages and make them look pretty.

	(mentioned above)	● PHP – for the database and of the students who sign up and put their names on a leaderboard. And to store the questions.
